

Governmental Relations and Grants Management

Service Unit Purpose:

The mission of the Office of Governmental Relations and Grants Management is to secure the financial support of friends, corporations, and other partners dedicated to enhancing resource development at Jefferson State Community College. The Office of Governmental Relations and Grants Management assists faculty and staff in obtaining grant funding to advance the Mission, Vision, and Strategic Outcomes (Ends) of the College, thus supporting the development of projects and programs that foster teaching and learning strategies designed to enhance student success.

Service Unit Outcomes

1. Seek external funding through grants to assist in funding the goals and priorities of the College's programs identified through the assessment and planning process.
2. Seek funding and support for the College's workforce development activities through public and private workforce development planning committees.
