

St. Clair/Pell City Center - Service Unit Outcomes

Service Unit Purpose:

The St. Clair County/Pell City Center of Jefferson State Community College is an instructional site created to specifically serve the educational needs of our students in St. Clair County and the surrounding areas. It is a place where students will be able to register for classes, pay tuition, see an advisor, and successfully meet their educational goals. The Pell City Center actively seeks to increase student enrollment, retention, and overall satisfaction.

Service Unit Description:

The St. Clair County/Pell City Center of Jefferson State Community College is housed in two buildings: a 47,500 square foot building in which the college offers courses in business, art and music appreciation, biology and chemistry, nursing, computer and word processing, English, social sciences, mathematics, humanities, and speech; and a 9,700 square foot building housing training labs and in which the college offers courses related to manufacturing and technology. As a vital community resource in St. Clair County, the Pell City Center features college classrooms, computer labs, a bookstore, a full service library, a GED testing center, the St. Clair County Economic Development Council, and all the facilities required to meet the educational needs of the surrounding area.

Service Unit Outcomes:

1. The facilities will be well maintained, staffed, and satisfactory to meet each student's educational needs.
2. The Pell City Center will maintain a safe and comfortable learning environment to foster academic excellence.
3. Students will be able to successfully apply to JSCC, register for classes, pay tuition, purchase books and other required course materials, resulting in increased student enrollment.
4. Students will be able to identify and work with an advisor to help achieve their identified educational goals.
5. The facility will house and support instruction that will enable students to successfully complete the general education requirements for all degree programs and develop the following degree programs: Registered Nursing (AAS), Manufacturing and Technology (AAS), and Transfer Degrees (AA/AS).
