

Testing Center – Service Unit Outcomes

Service Unit Purpose:

The primary purpose of the Testing Center is to provide a comprehensive system for personal, professional, workforce and economic development via the utilization of individually-paced and just-in-time delivery systems. These delivery systems include WorkKeys assessments, other testing and assessment instruments, and training tools. The Center is committed to achieving this purpose by:

Service Unit Outcomes:

1. The Testing Center will schedule an adequate number of COMPASS placement tests at all campuses to meet the needs of students.
2. The Testing Center will work with individuals, businesses, and organizations to meet assessment needs.
3. The Testing Center will administer the GED Examination to members of the community.
