Intended Outcomes	Means of Assessment	Criteria for Success	Summary & Analysis of Assessment Evidence	Use of Results
<p>SLO 1 Demonstrate an understanding of the hospitality industry and career opportunities in the field and articulate the duties of hospitality management</p>	<p>CUA 101 Industry Career Portfolio Project</p>	<p>80% of students will complete the project scoring 75% or better on a scale of 1-100</p>	<p>Fall 2019- 25/30 completed 5/30 did not complete the project 83% completed with an 80% average score</p> <p>Spring 2020- 30/35 complete 5/35 did not complete the project 83% complete with an 80% average score</p>	<p>Observations and Changes: The assessment tool used works well when submitted on time. The class is a gateway class so, it is expected that some students will not complete the class and drop out. The assessment dates were changed to help students to keep track of assignments. Also sent out email reminders of due dates.</p>
<p>SLO 2 Describe the traditional components of hospitality management (planning, organizing, coordination, staffing, directing, controlling, and evaluating).</p>	<p>HMM 105s Management Interview Project</p>	<p>100% of students submitting project will score 75% or better on a scale of 1-100</p>	<p>Spring 2020 59% of students 10/17 completed projects with a score of 75% or better. Summer 2020- 89% of students 8/9 actively participating completed the project scoring 75% or better on a scale of 1-100</p>	<p>Observations/changes Spring 2020 Covid -19 class finished online, with some students feeling a little more stress than normal in a live class. Continue to stress through email and course lectures the importance of project/interview completion and the following of required directions.</p>

				<p>Summer2020 The change was made to the course this year to implement a week 6 requirement for the first part of the project. Overall students were able to complete the project once they did the required viewing of a video explaining project.</p>
<p>SLO 3 Articulate the skills needed for customer service, styles of service, and dining room procedures.</p>	<p>CUA 180 Critical Thinking Case Studies, 2 Total</p>	<p>80% of students will score 70% or better on the project</p>	<p>Summer 2020-2 sections offered remotely/online Section 1-80% (4 out of 5) students scored 70 or better, 1 student was late submitting an assignment and the grade reflects</p> <p>Section 2-89% (8 out of 9) students scored 70 or better, 1 student did not complete the full assignment and the grade reflects</p> <p>86% (12 out of 14) of students completing serving evaluation scored 80% or better</p>	<p>Observations/changes Benchmark Met. To adapt the class for online-only instruction, the assessment project changed to consist of case studies showcasing students' ability to think critically in real-life, hospitality customer service situations.</p>

<p>SLO 4 Demonstrate skills in knife, tools, and equipment handling and apply principles of food preparation to produce a variety of food products.</p>	<p>CUA 110 Escoffier History Project</p> <p>CUA 120 Final Practical Exam</p>	<p>100% of students completing the Project will score 80% or better</p> <p>100% of students completing the final practical exam will score 70 % or better</p>	<p>Fall 2019 – CUA 110, Online, 9 out of 9-100% completed with 87% or better, on a scale of 1-100, Jefferson Campus</p> <p>Fall 2019-CUA 110, Jefferson 13/21 62%, averaged 75% or better. Shelby 8/21 38%, did not complete the project.</p> <p>Shelby campus</p> <p>Spring 2020- 11/14-79% completed project 79% passed with a 72% score 3/14, 21% did not complete the project</p> <p>Summer 2020- No summer classes</p> <p>Fall Shelby100% of students who took the practical 10-10 received 88% or better.</p> <p>Fall 2019 Jefferson Campus 100% 8 out 8 of students passed the Final Practical Exam-Jefferson campus</p> <p>Spring 2020 Shelby Campus- 100%, 14 out of 14 students passed Final Practical Exam-Shelby campus</p> <p>Summer 2020-No Class in the Summer</p>	<p>Observations/changes: Changing the assessment tool to My Lab software was decided against at this time due to the complexity of the data. Streamlining the information is necessary first before enabling proof of student success validation. Since this is a gateway class it is expected that some students will drop out or stop coming to class. Instructors will reinforce through class discussions and one-on-one student advising proper report formatting (source page, assignment requirements, and due dates).</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<p>SLO 5 Apply the fundamentals of baking and pastry science to the preparation of a variety of products.</p>	<p>CUA 204 Baking Practical</p>	<p>100% of students taking the practical will score 70% or better completing the baking practical on a scale of 1-100</p>	<p>In fall 2019 100% of students 9 out of 9 scored 85% or better on the final practical exam. Spring 2020 0 % of students 14 out of 14 scored 0 or better on baking practical</p>	<p>Observations/changes Fall 2019 In Fall 2019, students continued to demonstrate quality skills in this class. Instructors will consider decreasing the allotted time needed to complete products which should streamline and hone time-management skills. The Spring 2020 class finished online. The final practical was omitted to accommodate this abrupt change. Students demonstrated knowledge through participation in blackboard activities. This change was unexpected, and resulted in zero completions of the baking practical because students were unable to come to campus</p>
<p>SLO 6 Articulate the characteristics functions and food sources of the major nutrients and how to maximize nutrient retention in food preparation and storage.</p>	<p>CUA 111 FAD diet report Healthy recipe project</p>	<p>75% of students will score 80% or better on the FAD diet report using a scale of 1-100 75% of students will score 80% or higher on the Healthy recipe project using a scale of 1-100</p>	<p>Fall 2019 94% (15 out of 16) of students completing the Healthy Recipe project- report scored 75% or better 15 out of 16 scored 75 % or better on the final exam Spring 2020</p>	<p>Observations/changes Benchmark met- Adding new components to class through assignments or projects online, such as presentations, to ensure new trends in dietary management are updated.</p>

			<p>94% 17 out of 18 completed the Fad Diet 100% 18 out of 18 completed the Healthy Recipe project successfully</p>	<p>In the Spring of 2020, instructors changed assessment tool from Final exam to Healthy Recipe Project Both Benchmarks were met. Some students had difficulties in using technology to record presentations, otherwise, the transition was successful. This SLO will remain unchanged moving forward due to the large number of changes occurring this year.</p>
<p>SLO 7 Articulate the overall concept of purchasing and receiving practices in quality food service operations.</p>	<p>CUA 213 Purchasing Project</p>	<p>75% of students will complete the project scoring 80% or better on a scale of 1-100</p>	<p>Fall 2019- 100%,8 out of 8 students completed project scoring 90% or better Spring 2020- 73%, 19 out of 26 students completed project scoring 90% or better Summer2020 80% of students9-11 scored 85% or better on the final project costing</p>	<p>Observations/changes Fall 2019 8 out of 8 students completed the costing project scoring 92% or better, will continue to teach students the importance of effective purchasing and recipe costing. Instructors plan to incorporate guest speakers in addition to current teaching information to give students a real-world outlook on how effective purchasing helps build successful business.</p>

				<p>Spring 2020 Assessment not met; 19 out of 26 students completed the costing project scoring 90% or better. This spring semester was a different due to the corona virus and transitioning to online instruction. A higher rate of withdrawal and failure was observed. Going forward I will provide better student feedback, clear instructions and offer more resources to help navigate online instruction. Also continue to teach students the importance of effective purchasing and recipe costing.</p> <p>Summer2020 Students continue to demonstrate quality gained skills in this class</p>
<p>SLO 8 Demonstrate an understanding of the basic principle of sanitation and safety and to be able to apply them in the foodservice operations.</p>	<p>CUA 112s ServeSafe Industry Certification</p>	<p>75% student will pass ServeSafe certification</p>	<p>Fall 2019- 75% 21/28 scored 85% or better on final project.</p>	<p>Observations/changes Benchmark met: Continue progress to stress importance of exam and success necessary for employment.</p>

			<p>Spring 2020- 33%, 1 out of 3 Pass rates on certification test. Jefferson campus</p> <p>20%, 2 out of 10 pass rates on certification test. Shelby campus</p>	Instructors would like to change the assessment tool to the My Lab exercises that correlate to the ServeSafe exam in the future.
<p>SLO 9 CUA 210 Demonstrate a familiarity with varieties of beverages and different types of beverage service.</p>	<p>CUA 210 Beverage Expo Project-Students are evaluated in four areas on a scale of 1-100 points Area 1- Completeness of topic covered Area 2- Presentation Area 3- Creativity Area 4-Degree of effort</p>	<p>75% students completing project will score 80% or better on beverage expo project</p> <p>75 % or better will pass industry certification test</p>	<p>Summer 2020 94% 16 out of 17 completed projects scoring 80% or better. 1 out of 17 scored 70%</p>	<p>Observations/changes based on current cycle (19-20) Benchmark met. Students had to transition from presenting projects using poster board to PowerPoint this has proven successful and allows student to remain current in use of technology – this project was further enhanced due to COVID-19 Students presented online using Techsmith blackboard technology. Tests were Postponed to a later date when allowed back on campus due COVID-19 Restriction. No changes being made on this SLO at the current time.</p>

The screenshot shows a web browser window with the address bar displaying `bb9.jeffersonstate.edu/ultra/courses/_38931_1/cl/outline`. The page content is organized into a list of items:

- Enjoy and try making ice cream at home yourself!!!
- Youtube for Creme Brulee** (with a link icon)
- Root to Tail Field Trip** (with a link icon)
Availability: Item is hidden from students.
- Sour Dough Bread Tutorial** (with a link icon)
Here is a video series on how to make sourdough bread I created. Please watch them and try it at home. Those of you planning on taking Artisanal Bread this summer this will be a great video for you.
- Meringue Tutorial** (with a link icon)
Enabled: Statistics Tracking
Watch the video tutorial I created. Its a great way to introduce yourself to meringue. Its very inexpensive to duplicate at home. If you use the recipe in the video its 4 egg whites to 1 cup of sugar or 4 oz egg white to 8 oz sugar.
- Mylab for Foundations of Baking** (with a link icon)
- Pastry Chef's Companion** (with a link icon)
- Pastry Chef Central** (with a link icon)
- Recipes and Formulas** (with a folder icon)

The left sidebar contains navigation options: Calendar, My Grades, Announcements, Discussions, Mail, Web Links, nothing, Course Management, Control Panel, Content Collection, Course Tools, Evaluation, Grade Center, Users and Groups, Customization, Packages and Utilities, and Help. Hey Chef Moore,

So glad to hear from you!!!

I hate missing cake but I would LOVE to come and present! I've got some new Chick-fil-A related material that I would love to share with your class!

Would Wednesday 9/11 at 1:30 pm work? I'll OF COURSE be sure to bring nuggets and some of our new Mac and Cheese!!!

Hope you are doing great and see you soon!

All the Best,

Lyndsey Jackson
