

Assessment Record

Program: Veterinary Technology

Assessment period: 2019-2020

Program or Department Mission:

The mission of the Jefferson State Community College Veterinary Technology Program is to train Veterinary Technicians in a two-year educational program with the skills and concepts consistent with the American Veterinary Medical Association- Committee on Veterinary Technician Education and Activities (AVMA-CVTEA) guidelines. The program develops the student's knowledge of the fundamental principles and skills underlying veterinary technology. This is a distance education program developed to provide students a more accessible education in their preferred field of study. Upon satisfactory completion of the program, students may be eligible to take the National and State Board Exams to become licensed Veterinary Technicians.

Instructional Program Student Learning Outcomes & Assessment Plan

Student Outcomes

1. Perform animal nursing care for all common domestic animals including: restraint, administering medications, diagnostic sampling for laboratory evaluation, maintaining fluid therapy, applying and removing bandages and splints, and applying emergency protocols.
2. Assist with animal surgery including knowledge of routine procedures and operating room equipment; prepare the patient, veterinary personnel, and equipment for sterile surgical procedures; function effectively as a surgical assistant to the veterinary surgeon during surgical procedures.
3. Induce, stabilize, monitor and maintain anesthesia under the supervision of the veterinarian; recognize and report anesthetic emergencies; apply resuscitation techniques and CPR (Cardiopulmonary resuscitation).
4. Provide competent assistance with office procedures; telephone contacts, making appointments, admitting and discharging patients, maintaining medical and financial records in a veterinary clinic.
5. Communicate with the public, clients, and colleagues through both verbal and written communication skills, including effective listening.
6. Demonstrate skills and knowledge associated with cleaning, sanitizing, and sterilizing equipment and facilities, including knowledge of products, equipment, procedures, and techniques routinely used in reducing, eliminating or preventing contamination of the animal-care institutions
7. Understand and apply principles of radiography to produce radiographic images in veterinary medicine.
8. Review and implement Occupational Health and Safety Administration (OSHA) standards in a veterinary practice.

9. Comprehend and apply academic knowledge and perform clinical skills required of an entry level Veterinary Technicians by the AVMA-CVTEA in large, small, avian and exotic medicine.

Intended Outcomes	Means of Assessment	Criteria for Success	Summary & Analysis of Assessment Evidence	Use of Results
<p>SLO 1</p> <p>Perform animal nursing care for all common domestic animals including restraint, administering medications, diagnostic sampling for laboratory evaluation, maintaining fluid therapy, applying and removing bandages and splints, and applying emergency protocols.</p>	<p>National Veterinary Technician Exam (VTNE)</p>	<p>Passage of the VTNE</p>	<p>VTNE Scores for Academic Year: 2019-2020</p> <p>21 students graduated with an AAS degree in Veterinary Technology during the 2019-2020 academic year.</p> <p>Fall 2019: 2 graduates Spring 2020: 15 graduates Summer 2020: 4 graduates*</p> <p>17 of the 21 eligible graduates took the VTNE</p> <p>12 graduates passed 5 graduates failed</p> <p>70% of graduates received a passing score on the VTNE.</p>	<p>Benchmark met</p> <p>During 2019-2020 the goal of achieving passing rates of higher than the national average was met. The faculty, administration, and Vet Tech Advisory Board will continue to work diligently to maintain this achievement.</p>

	<p>All essential nursing skills/tasks that are required by the AVMA-CVTEA are videoed and assessed by the students approved Clinical Site Supervisor must be a DVM, or a Licensed Veterinary Technician, LVT. The tasks are completed in a step-by-step format, so evaluation is objective. The Clinical Site Supervisor will evaluate the student's performance utilizing a competency scale of Satisfactory/Unsatisfactory/Excellent. The evaluation and video are then forwarded to the program faculty for review, evaluation, and grading. The student must receive a score of 75% on all essential nursing skills to complete the program.</p> <p>The student will also be tested on all didactic coursework through</p>	<p>Successful completion of essential nursing skills and didactic course material in the following classes:</p> <p>VET 110: During 2019-2020; 35 out of 42 students (83%) successfully completed the requirements for this course.</p> <p>VET 112: During 2019-2020; 36 out of 43 students (84%) successfully completed the requirements for this course.</p>	<p>The national average for passing the VTNE during this period was 67%</p> <p>VTNE Passing percentage:</p> <p>Jeff State = 70%</p> <p>National = 67%</p> <p>All students completing these courses received an evaluation of satisfactory or excellent on essential skills after review by their clinical site supervisor.</p> <p>All students completing these courses received a grade of 75% or above on all essential skills after review by the instructor.</p> <p>All students completing these courses received a grade of 75% or above after completion of all didactic course material.</p>	<p>Benchmark met</p> <p>Recent graduates have reported satisfaction with the education they received but would appreciate even more interactive/hands on learning opportunities with the faculty</p> <p>Continuation of current Labs offered:</p> <ul style="list-style-type: none"> • Basic Skills Lab • Surgical Skills Lab • Dental Skills Lab • Laboratory Animal Lab • Large Animal & Avian Lab • Radiology Lab • Suturing Lab
